TOP SELLING PRODUCTS

A vertical composition featuring numerous dark brown, roasted coffee beans scattered across a plain white background. The beans are in various orientations, some showing their characteristic crease. Interspersed among the whole beans are small, dark brown fragments of coffee grounds. At the bottom of the image, there is a solid, horizontal band of a light brown or tan color, which serves as a base for the scattered beans and grounds. The overall effect is one of a fresh, organic coffee spill or a artistic arrangement of coffee components.

A close-up, vertical photograph of a hand holding a white ceramic cup of coffee. The coffee has a rich brown color and a white latte art design. A stream of white milk is being poured from a metal pitcher into the center of the cup, creating a new pattern. The background is dark and out of focus.
